'The Power of Good Advice'

We would like to make you aware of **ABMV's Consultancy Services** which are uniquely tailored to your individual needs, and offered to all our clients in addition to our day-to-day accountancy services.

These ensure you get the best tax advice at the right time so you can benefit from the right tax-saving opportunities.

Our bespoke consultancy complements our existing range of traditional accountancy services.

They include:

- **Domicile, non-residency, and cross border taxation.** If you are non-domiciled in the UK there can be different tax rules to take into account, as well as different tax authorities.
- **Tax and income planning.** Are you better off being a sole trader or limited company? We can help you manage your incomes so, if possible, not to fall into the higher rate of tax.
- **Cash flow and business plans,** projects like valuations with exit planning and strategies. We can advise of tax-efficient options when closing down your business.
- Rental **property purchase,** ownership, and sales. Is there an advantage of a rental property being in sole or joint names or via a company? We can review the different types of rental and any issues on capital gains tax on the sale.

In addition, our sister company, Transworld Business Advisors, Kent offers business brokerage services to anyone looking to sell their business. The new year might be the right time for you to consider this.

They offer a no-obligation free valuation, with a no-fee no-sale basis.

If you are considering selling your business please feel free to let us know and we will make an introduction.

Over the next 5 years, MTD will be mandated to all companies regarding not only their personal tax but also corporation tax.

This is a huge step forward and you are not alone.

ABMV will ensure that this transaction is as smooth and streamline for your company as possible.

ABMV have partnered with Xero and our staff are 100% @Xero certified.

Be assured we are here to help and guide you through moving your business forward.

If you would like to talk through this transition we can set up a meeting either in the office here in Tonbridge, at your own office or a video link if that's easier.
