Making Tax Digital (MTD)

HMRC has announced that MTD for Self Assessment will now be introduced from April 2024 (a year later than originally planned) and for partnerships from April 2025.

This is in recognition of the challenges faced by many UK businesses and their representatives, as the country emerges from the pandemic over the last year and having listened to stakeholder feedback.

General partnerships will not be required to join MTD for ITSA until the tax year beginning in April 2025. It will be confirmed at a later date when all other types of partnerships will be required to join.
